## Promoting Trade. A partnership for success.

Luxembourg for Business was founded in 2008 as an initiative by the Ministry of the Economy and Foreign Trade and the Ministry of Small and Medium-Sized Businesses and Tourism, the Chamber of Commerce, the Office du Ducroire, the National Credit and Investment Corporation (SNCI), the Chamber of Crafts and the Luxembourg Business Federation (FEDIL).

By relying on the strengths of both public and private, Luxembourg for Business operates as a Trade Promotion Organisation (TPO) and liaises with Luxembourg's Trade & Investment Offices, Luxembourg's Embassies, Consulate Generals, Honorary Consulates, and other international promotion networks such as for example bilateral Chambers of Commerce to foster Luxembourg's

outbound activities. Luxembourg for Business functions as a so called 'network agency' and promotes trade and international business in the interest of the Luxembourg economy.

Members of Luxembourg for Business deliver complementary high quality services for promoting 'Made in Luxembourg' goods and services. Their services incorporate a first class business package of trade missions, trade fairs, personalised matchmaking services and much more to allow companies to successfully set foot in foreign markets and staying ahead of their competitors.
